

Dedication to Designation

ABOUT LAST CALL SERVICES

Last Call Services, Inc. recently opened for business. The company offers driving support in the Tri-County (Oakland, Macomb, and Wayne Counties) area. Its primary service is driving residents and their cars home to prevent individuals from driving impaired.

“Residents are becoming more aware of the dangers and strict legal consequences of driving intoxicated, said Mike Morrisroe, president of Last Call Services. “At times, individuals attend a celebration, or maybe a sporting event, and they don’t always pay attention to the number of drinks they have consumed. We are here to help them by returning them home safely - along with their vehicle.”

Last Call was formed by Morrisroe, Jack Lentz and Matt Fecteau, all from Macomb County. The company has several chauffeurs on hand that are available to pick up clients in the Tri-County area. Two company associates arrive at the client’s location in a Last Call vehicle. One associate will drive the client home in their own vehicle while the second associate follows in the company car. The client does not have to worry about picking up their vehicle at another time, as they would if they employed a typical taxi service.

Last Call is fully insured, confidential and operates from 7 p.m.-3 a.m., seven days a week or by appointment. Residents may call ahead to schedule a pick-up or call as the service is needed. In addition to nightclub and pub pick-ups, Last Call can be booked to support business and private parties.

Contact Last Call at **586-552-8989** or visit them on the web at www.lastcallservicesinc.com.
